

Dear Parents and Carers
Re: 'OurSchoolsApp'

We are pleased to announce a brand new way of communicating with parents. Our very own school 'APP'.

'OurSchoolsApp' is a personalised app which will allow us to keep you all updated with school information, news, calendar events and contact information. It is like a mini website on the go giving you access to what's going on at the school, at the touch of a button.

You can download the 'APP' from the Google Play Android marketplace or the Apple Store depending on which mobile phone or device you use. Phones that are Nokia or Windows based can easily be downloaded via a mobile site (details below). You can also access the 'APP' via smart pads and iPads by following the same download process from the relevant 'app' stores as mentioned above.

When we update the 'APP' with new information or news about the school, a push button notification will automatically be sent to your own device to inform you of this update. You can then view the notification which will then take you directly to our 'APP'.

Any calendar events marked and sent as a push button notification will also be sent as reminders nearer the date, so you don't miss an event or date at the school.

Instructions for download Apple and Android

Using your device (iPad, iPhone, smart pad, tablet or android phone), visit the relevant marketplace for your product (Apple Store or Google Play).

2. Search for 'OurSchoolsApp' and download the app.
3. Once downloaded, use the search bar within the app and enter the postcode or the name of the school.
4. Hit the search button.
5. Once you see the school name displayed, just touch the screen on the school name.
6. Confirm your choice by pressing 'OK'.
7. You will now be presented with the correct app for your chosen school which contains news, information, calendar events, contacts and any other relevant details.

I am sure you will find this a really useful tool

Kind Regards

Mrs C Waites
